OUTLINES.

Senator David B. Hill sailed for Europe yesterday. Before leaving he expressed himself very forcibly on the present condition of the Democratic party——A speech at the Wisconsin Prohibition State convention indicates that that party counts on making capital out of Mr. Bryan's alleged opposition to prohibition—— The steamship Merrimac arrives at Savannah with the survivors of the crew of the British steamship Carribee which was lost in the gulf stream three days ago. One member of the crew was drowned——The Republican National Committee in its investigation of contests got down to the State of Texas yesterday. Their work for the day seated fifty Taft delegates. During the investigation of the Tennessee cases there was quite an exciting time, one side declaring that the other had come armed with hatchets to keep them from entering the hall, and one of the opposition declaring that he had been attacked by a negro with a hatchet and his life was saved by some one knocking the negro down——The New York Senate yesterday passed Governor Hughes' anti-race track gambling bills by a bare majority and were signed by the Governor. This was made possible only by the appearance of Senator Folken who got out of a bed of sickness and traveled sixty miles to vote for the bills. Governor Hughes writes the Senator a complimentary on his conduct in making such an effort to aid in passing the bills——The Virginia Democratic convention yesterday apponted as delegates-at-large to the Denver convention the State's two Senators, the Governor and the former Governor——The Veterans' Parade yesterday closed the session of the Confederates in Birmingham.

There will be lively times in Chicago next Tuesday—the date of the Republican National convention.

That will be a rousing speech Governor Glenn will make in seconding the nomination at Denver of Mr. Bryan.

If Mr. Hearst's percentage of gain in the recount of the ballots does not increase he will have had all his trouble for nothing.

Wonder it if was the determination of that Women's Fuller Club of Durham that Mr. Fuller should have the nomination which brought success to him finally?

We hope the deadlock in the Durham Judicial district convention is not a forecast of what is going to happen in Charlotte on June 24 et seq. but it is very probably the case.

It is said that the "Craig Special" from Asheville to Charlotte at the time of the convention will start from that city with five hundred men aboard. Those mountaineers must expect to take the convention by storm.

Texas is to suffer the throes of a Prohibition campaign. The Democratic Committee of that State has decided to order a primary election on the question to be held July 25. The Texas Democrats have our sympathy.

That convention in Charlotte is going to be worth attending. We are going to be there if we have to take our Summer vacation at that time and spend most of it in counting crosstie from this city to Charlotte and back.

Brother King, of the Durham Herald, is getting restive under office work in this sultry weather and is longing for the "creek bank and a fishing line." He should knock off work and come down to Wrightsville if he wants to have a good time in the fishing line.

The Asheville Citizen urges "every western North Carolinian who can spare the price" to go to Charlotte at the time of the Democratic State convention. Is this for the purpose of backing up the Craig movement or because it knows such a good time is in store for all who may attend the convention?

The Newbern Sun remarks anent the opening of the Eastern Carolina League season that "editors had better be careful how they criticise their ball teams or they may have to pay their way to see the games." Maybe, in some places, they will have to do so even though they do all they can to boost the home team.

At the same time the news comes from Chicago that the packers have decided to raise the price of beef and canned meats "because of a shortage of cattle and of canned meats," there comes the statement that large quantities of American meats are being returned from Europe because the markets there are overstocked. The two statements do not seem to dovetail exactly.

COTTON MANUFACTURERS IN ANNUAL CONVENTION

Sessions Concluded Yesterday Afternoon at Seashore Hotel, Wrightsville Beach—Programme of Curtailment to Continue Until September 1st—Interesting Addresses.

Practically all the business before the Cotton Manufacturers' Association of North Carolina at its second annual meeting yesterday in the auditorium of the Seashore Hotel was completed at the one session and adjournment was to a date and place next year to be decided later by the Executive Committee. A few minor matters will be taken up and disposed of at a recess meeting to be held today on board the United States Revenue Cutter Seminole, on which the visitors and a party of prominent local business men will go for an excursion down the river to Fort Caswell, but to all intents and purposes the final adjournment was reached at 6:30 o'clock yesterday evening after a session lasting from 3 o'clock in the afternoon.

The most important action taken with reference to the textile industry in the State devolved upon recommendations contained in the annual report of President R. M. Miller, Jr., of Charlotte, who is the live wire of the organization in North Carolina and one of the leading manufacturers in that hive of the industry centering about his city. The matter of most vital public concern was in regard to the curtailment of the product of the mills, which was strongly urged by Mr. Miller, who advocated letting the demand get hungry before feeding it and at the same time let some of the commission houses and buyers remain hungry for some time. It was decided to continue the programme of curtailment until Sept. 1st, the following resolution by A. A. Thompson, of Raleigh being unanimously adopted:

"Resolved: That we recommend that the curtailment suggested by the executive committee in Charlotte be continued until Sept. 1st, and that no orders be accepted that will not return to a mill a new dollar for an old one."

Thirty-five of the leading mills in the State were represented in person at the meeting while a great many other spinners sent letters approving of the programme and signifying their willingness to abide the action of the convention in all matters affecting the trade. The morning session of the convention was dispensed with on account of the failure of a number of the members to arrive on the early trains. The session was called to order promptly at 3 o'clock with President Miller in the chair and Secretary W. L. Myrick, of Charlotte, at his desk as secretary. Mr. D. L. Gore extended a cordial invitation for members of the Association to go on the trip of the Seminole this morning leaving at 9:30 o'clock and expressed the hope and belief that the outing would be greatly enjoyed. The invitation was accepted with thanks. A letter was read extending the courtesy of the floor of the Chamber of Commerce of Wilmington to the visitors and this was also accepted. Similar courtesies were extended by the Cape Fear Club and other social organizations. The president announced the following committee on resolutions, which will report at the meeting today, viz: Messrs. E. H. Williamson, A. A. Thompson, and Maj. H. F. Schenck. The president's report was then read, accepted and the suggestions and recommendations made by him were approved as being of vital importance to every member of the Association. These will appear in detail from the full report of the proceedings. The report of the Treasurer was also read and accepted, subject to approval of the auditing committee.

Mr. A. A. Thompson, of Raleigh, made report for the traffic committee that the freight rate discrimination suit against the Norfolk & Western and other railroads by the Corporation Commission, in which the Association is a party plaintiff, is progressing satisfactorily before the Inter-State Commerce Commission and if the shippers did not stand to win in this case from the evidence thus far developed, then they had as well abandon all efforts toward correcting discriminations in the future.

There was nothing to report from the committee appointed at the last meeting on the disposal of waste products of the mills.

Mr. J. R. Tolar, of New York, discussed with rare knowledge and ability the Relationship of the Mill to the Commission House," taking the ground that while the commission men were essential to the industry there were many abuses that should be corrected; they were specialists in the trade and were capable of being a great help to the mill men. The relation should be one of mutual confidence and he should represent the seller and not the buyer as he receives his commissions from the former.

Messrs. D. L. Gore, A. A. Thompson H. M. Chase and others spoke on the paper and as a result of the discussion it was resolved by the Association that in future the mill men, to avoid speculation by the commission men in their product, require the name of the buyer along with the order in order that the spinners may be able to accurately guage the consumption.

The president in his report strongly advised the appointment of an arbitration committee, each for yarn and cloth, to which each mill will report any violation of contract, the committee to take evidence and decide the issue, this decision to be filed with the officers of the Association, who in turn will advise each mill the nature of the complaint, by whom made and against whom, in order that members may be advised as to who are living up to contracts and may govern themselves accordingly. The president stated that during the depression just now many spinners had suffered cancellations, hold-ups, lay-downs, etc., in most instances unfairly and unjustly. Something must be done, he said, to stop this policy or continued submission would bankrupt the millers.

This recommendation was strongly urged by Mr. E. H. Williamson, of Fayetteville; J. K. Dixon, of Gastonia, and others. Upon motion the recommendation of the president was accepted and he was empowered to appoint the committees and fix any necessary compensation incidental and not chargeable to the litigants.

The action of the president with reference to the insurance clause pertaining to railroad sidings was approved, the Factory Insurance Association agreeing to a waiver clause to be attached to all existing policies.

The question of continuing the curtailment programme was discussed with great favor by Mr. Tolar, Mr. E. H. Williamson, Mr. D. L. Gore, Mr. Dixon and others, it being understood that no action taken was binding upon the manufacturers but was merely in the nature of recommendations. It was believed that self-interest would ultimately dictate such a programme to the members of the Association. Many of the members expressed themselves as being personally in favor of closing down regardless of action by the Association. Mr. A. A. Thompson said that cotton mill men were pretty much human; that orders would be out certainly not later than July 1st and then they would have to shut down for good.

The recommendation of the president that all mills in the Association close for one week in August of each year, giving an opportunity to overhaul machinery, take an inventory and give the operatives a needed rest, was also unanimously adopted, the exact week to be determined by the Executive Committee later and members to be notified. This closing down is to be simultaneous with all mills to guard against enticement of help, etc.

It was also unanimously resolved upon suggestion of the president that the mills do not in the future consign yarns to any markets without an order. This was regarded by Mr. Miller as one of the most serious problems confronting the mills. It was regarded as a most demoralizing influence and on a declining market, simply furnished the buyer with a "big stick" with which to crack the heads of millers at will. It was stated as the belief of the president that yarns would not now be depressed to the very low prices but for the consigned or stock yarns in the hands of the commission merchants, giving them the whip-handle and which they always use unmercifully. The president advocated the closing of the mills before consigning their product.

Mr. A. A. Thompson, of Raleigh, read a particularly interesting paper on "Cotton and Cotton Exchanges," giving the result of 30 years' intimate knowledge of handling the raw supply. Scientific marketing was urged. He advocated that mills as a safe rule buy enough cotton the last two months of the calendar year in sufficiency for at least four months of the new year, buying none between May and September. Mr. Tolar, a member of the New York Cotton Exchange, and others spoke on the report and listened with much pleasure to Mr. Thompson's replies to questions with which he was plied by members of the Association.

Mr. D. L. Gore read a most interesting paper on the Inland Waterway For Wilmington. This will be published in full later. The mill men manifested a keen interest in Mr. Gore's presentation of the subject, which was clear and convincing. The Association adopted unanimously a resolution that the project receive its united support and that the full North Carolina delegation in Congress be urged to support this measure; that they persist in their efforts until the project is assured. A copy of the action will be certified to the North Carolina congressmen.

Mr. M. F. H. Gouverneur, of the Rockingham Power Company, made possibly the most interesting address before the convention on the subject of "Economy of Steam and Electric Power." Mr. Gouverneur first gave an intimate calculation as to the cost of steam power, rating this at from $25 to $35 per horse power for the average plant. Electric power increased production and improved the

CONVENTION TODAY

Sixth District Democrats Will Assemble at Noon at Seashore Hotel, at Beach.

DELEGATES ARE ARRIVING

Elector and Representatives to Denver Will be Named—Congressman Godwin Will be Renominated Unanimously.

The Sixth District Democratic Congressional Convention will assemble today at noon in the auditorium of the Seashore Hotel. Wrightsville Beach, and a number of delegates from various counties have already arrived to be present. It is not expected that there will be a large attendance, but the advance guard already arrived indicates that the convention will not be a small one.

It is a foregone conclusion, of course, that Hon. H. L. Godwin will receive the unanimous and enthusiastic endorsement and renomination of his fellow citizens, so that the greatest interest will centre about the election of delegates to the Denver convention and the choosing of a Democratic elector. While it is not likely that there will be any formidable contests for these places several names are mentioned for each appointment and some interest may develop on this score.

The Fayetteville and Harnett delegations arrived on the train last night on the A. & Y. railroad and several from Brunswick came over during the afternoon. The Cumberland delegation will present the name of Hon. H. L. Cook for elector but thus far no names have been strongly urged for the two delegates to which the district is entitled in the National Convention at Denver.

In the Cumberland delegation are Maj. E. J. Hale and Messrs. Q. K. Nimocks, H. L. Cook, F. H. Stedman, J. B. Underwood, E. G. Davis and John Underwood, while among those who have arrived fro mHarnett are Messrs. R. G. Taylor and O. P. Shell. Others came in on the early trains this morning from Columbus and on the Carolina Central, while still others will be down this morning on the later trains.

The New Hanover delegation is composed of Messrs. Jas. H. Chadbourn, Jas. Sprunt, D. H. Penton, W. E. Yopp, Martin O'Brien, John D. Bellamy, J. C. Stewart, W. W. King, D. C. Love, D. McEachern, W. P. Gafford J. E. Thompson, R. H. Northrop, R. A. Burnett, W. H. Yopp, R. R. Bellamy, B. C. Moore, J. W. Jackson, J. M. Woolard, Martin Newman, L. V. Grady, K. W. Jewell, M. Rathjen, E. Borden, Jos. P. King, P. Q. Moore, B. G. Empie, E. K. Bryan, Gerritt Walker, J. T. Kerr.

Low rates have been given at the Seashore Hotel to members of the convention and it is expected that there will be a full attendance from this city

MRS. WIGGS COMES TONIGHT.

Splendid Production of Quaint and Interesting Play at Academy.

The Company which will present at the Academy of Music tonight "Mrs. Wiggs of the Cabbage Patch" for the benefit of the baseball association, had a most satisfactory full dress rehearsal last evening and indications point to an artistic triumph. Miss Louise Evans will be seen in the title role and her acting is of the professional type. She has a fine conception of the part and her rendition is said to be really marvellous for an amateur.

Between acts interesting specialties will be introduced. Mr. Henry Angel will go on for a black-face monologue; Mrs. ePrey Wells will contribute two of the latest illustrated songs between acts and Justice Bornemann has kindly consented to appear in an accordeon solo.

The affair will be one of social interest and the following ladies have been asked to act as patronesses for the occasion: Mrs. Cuthbert Martin, Mrs. Joe Watters, Mrs. Ancrum Lord, Mrs. A. H. Holmes, Mrs. C. S. Grainger, Mrs. J. W. Murchison, Mrs. R. C. Cantwell, Mrs. W. G. Pulliam, Mrs. P. L. Bridgers and Miss Susie Price.

BUILDING PERMITS.

A Number Have Been Issued Already This Month.

Judging from the number of permits issued by City Inspector Furlong up to the present time during this month, it shows splendid indications for a busy month in the building line. Most of those issued so far are chiefly for repair work and these included with the number for new structures, will amount to an aggregate of several thousand dollars.

The permits for the new structures are:

Dr. D. W. Bulluck, residence on Walnut between Eighth and Ninth streets. Contractors P. S. W. Russ & Son, to cost $700.

D. J. Fitchett, two-story, eight room structure with tin roof, on Orange between Eighth and Ninth streets. Contractor A. C. Camacha, to cost $2,000.

INDEPENDENT MOVE

First League Under The Leadership of William Randolph Hearst, Organized Here.

MR. A. C. SHUFORD ORGANIZER

Similar Clubs to be Formed in All Parts of State—Declaration of Principles Promulgated at Convention—Notes.

Setting forth as its object the true Democracy, The Independence party will soon broadcast its principles throughout the State of North Carolina, according to the statement of Mr. A. C. Shuford, of Newton, a National committeeman of the Independence League, who was in Wilmington last night and formed the first organization in the nature of a club, in the State, with a reported 75 strength in membership.

The meeting was held last night in a hall on Second street and the place was crowded with ardent supporters of the local club, who willingly signed up as followers of the party.

Mr. Shuford arrived in Wilmington yesterday afternoon from Charlotte. There had been no announcement that such an organization was contemplated and the activity and interest taken by the locals came very unexpectedly and as a surprise. It was a political movement in true form and was the first successful move of the organization in North Carolina. They propose to wage a militant campaign and efforts will be made to form many more clubs.

Those who were present were notified yesterday that the meeting would be held last night and the session was called to order shortly after 8:30 o'clock. The first business in order was the selection of a chairman and Mr. W. V. Sellers was selected to temporarily fill this place while Mr. W. T. Penny was made secretary.

Mr. Shuford was introduced as the spokesman under whose direction the organization was to be launched and he responded in the only speech of the meeting. He made an enthusiastic appeal, protesting strongly against the Democratic party and its government. He apparently converted his listeners to believe and think his way and there was not a dissenting voice to be heard. In conclusion he said that the meeting was only an introduction of the Independence Party and it was their purpose to unite the men who think and believe under the same banner.

His pamphlet labelled, "Declaration of Principles," issued by the National Conference of the Independence party and containing the address of William Randolph Hearst, at a meeting of the leaders of the party in Chicago last February, was distributed among the members and the formalities of the club proceeded. All in the assemblage signed up as members and the idea of the club conveyed to the members in an effective way. During the course of the session a motion was made to hold a public gathering in Wilmington and after a lengthy discussion it was carried, with the view of securing John Temple Graves, editor of the New York American, to make a speech on this occasion.

Mr. Shuford specifically stated that the party proposed to put candidates in the field for State offices as soon as it was able to organize, but it would be impossible to put out a ticket in the coming election on account of the time's being so short.

The local club will hold another meeting next Tuesday night and a meeting place will be announced before the time arrives. Mr. Shuford leaves today for Goldsboro, where he will form a similar organization and from there will move on to Greensboro for the same purpose.

Locate in Bluefield, W. Va.

Mr. and Mrs. W. F. Koch, of Newbern, who have been on a visit of two weeks to their son, Mr. W. W. Koch, of this city, left yesterday morning for Bluefield, W. Va., where they will make their home in the future with their daughter, Mrs. C. W. Kegley. Mr. and Mrs. Koch have been residents of the State the past 14 years and it is regretted that they have decided to leave North Carolina. For the past six years Mr. Koch was vice president and general manager of the Broaddus & Ives Lumber Co., of Newbern, but has disposed of all his holdings to engage in business in his new home. The best wishes of many friends go with them to the distant State.

Still Attracting Crowds.

Albertus continues to attract large audiences each night at the Crystal Palace and his feature stunts continue to grow in interest. His escape from a packing case built by Taylor, the Tailor, last night, proved a marvel to the spectators.

"We have met the enemy and they're ourn!"

Our ancient and honorable adversary, the versatile and Komical King Kelly, of pleasant memory, came with his Raleigh Red Sox yesterday and suffered the extreme humiliation of a shut-out in a rather slow but a most interesting game, opening the Eastern Carolina Baseball League season in Wilmington. Eight hundred people turned out to witness the opening formalities in spite of the fact that the weather was threatening and the game followed a perfect downpour of rain. The skies, however, soon cleared and the opening game was under as favorable auspices as the most fanatical fan could desire. Rev. R. W. Hogue had the honor of tossing the first ball over the plate; Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church, was at the receiving end, armed cap-a-pie, while Mayor Springer was at the bat. He was hit by the pitched ball, but modestly refused to take his base and the honorary trio on the diamond gave way to the professionals.

Webster went in the box for the locals and was steady and under good control throughout the game, yielding but a single hit. Kite caught his usual fine game and the infield was well nigh perfect with the possible exception of two excusable errors on the part of Carneal at second. McKnight was the opposing slabman and also pitched a good game, but was worked hard by the Sailors who had their eyes on the ball at all times and followed this up with hits when hits meant runs.

The management introduced a new player during the game in the person of Abernathy, late of the A. & M. College, who was in right field and gave a good account of himself, securing one of the four hits received by his team and fielding his position without an error. It is understood that Abernathy will be seen in the future at short stop.

Umpire Henderson, who officiated at the Raleigh series the first half of the week, held the indicator yesterday afternoon and seemed to give fine satisfaction. The visiting team proved themselves a clever lot of ball players and the ancient rivalry existing between the two largest cities in the league promises to continue keen and good-natured.

THE FORT CASWELL ENCAMPMENT.

One and all, both officers and men of the State Guard have come from Fort Caswell enthused with the encampment there.

As stated in the Star yesterday, the officers were greatly impressed with the advantage such encampment proved to be to the State troops who were in attendance. That it was a school of instruction for them such as the State encampment has never been can not be denied and it is equally as undeniable that State encampments can ever be so made.

We heartily endorse the position of those officers of the State Guard that the annual encampment should be held at Fort Caswell instead of, as heretofore, under State management. If the members of the State Guard are to be taught and trained to be soldiers, to be of real use to the State and Nation when their services are needed, that training can be had only in such encampments as has recently been held at Fort Caswell.. Candor will compel every one at all acquainted with the State encampments as they are held in this State to admit that the soldiers get very little instruction in these encampments. They are looked upon chiefly as a time of frolic for the men and pleasant outing for the officers.

Under the reorganization of the State Guard by the Dick bill and amendments thereto that body of troops has really become a national reserve corps which takes the place in our country of the large standing armies of the European nations. In time of war they are to be called upon to assist the regular army. Under this change it is more important than ever before that the men of the Guard should be properly trained and exercisd in the duties they would be called upon to perform in case their services are needed by State or Federal Government.

These being the facts, steps should be taken to do away with the old-time State Guard annual encampments and have substituted for them annual schools of instruction at Fort Caswell under control of experienced officers of the regular army. Then the State Guard will become what it is intended to be — a reserve corps of trained soldiers.

GOVERNOR GLENN FOR SECOND PLACE.

The Anderson, S. C., Mail asks the Charlotte Observer to "kindly tell how and why the nomination of Governor R. B. Glenn for Vice President, would add strength to the Democratic ticket." To this request the Observer makes the following reply, which we hope the Mail will find satisfactory, for it is conclusive to our mind and gives most patent reasons why the eloquent Tar Heel Governor would add strength to the ticket. The Observer's reply is:

"With pleasure. Governor Glenn would go on the stump in every State of the North, East and West, electrify his audiences with a fervor and eloquence to which they are strangers, and give them reasons for voting the Democratic ticket that they had never thought of before."

Were Governor Glenn put on the ticket he would surely be heard from in the campaign, and in those sections of the country where his style of eloquence would do the greatest good to the party. He would speak in about forty-five of the forty-six States of the Union. His voice would be heard from Maine to Texas and from the Atlantic to the Pacific coast. He would enthuse with his eloquence all classes of our citizens in every section of the Union. But for the fact that Porto Rico, Hawaii and Alaska have no voice in the election of a President, his voice would be heard in these far-away corners of this American Republic-Empire. But it is useless to enlarge upon this subject, because there is not a possibility that Governor Glenn or any other Southerner will be placed on the ticket. The Democracy of the North will choose both the candidates from their section of the country and the Southern Democrats will be expected to endorse their action and, in all probability, will be the only ones who will give them a single vote in the electoral college.

RECEPTIVE CANDIDATES.

There is renewal of talk of the nomination by the Democrats of John Mitchell as candidate for Governor of Illinois. Mr. Mitchell, report says, stands somewhat in the position as a receptive candidate for the nomination. As a rule a receptive candidate is one who is afraid that he will not be tendered the nomination, but stands ready to accept it the very second it is tendered him. It seems to be somewhat different with Mr. Mitchell. He says, so it is reported, that he cannot decide whether he will be a candidate for the nomination until after the meeting of the Illinois Federation of Labor in Springfield on June 15, when he will lay the matter before that body. In this announcement he is more open than the general "receptive candidate" who is usually too bashful to say that he wants the nomination, and in fact is, nine times out of ten, secretly doing all he can to have the nomination offered him. We do not know which class deserves the greatest censure—the ordinary so called "receptive candidate" or those those who, after announcing themesives are extremely rushing up and down the State making speeches begging the members of their party to vote for them, boasting of their past services to the party and denouncing all others who have the affrontery to seek nomination to the same office. It's a case of deceit in the one case and conceit in the other and we can't say which is to be contemned the more.

We suppose Mr. Brooks looks upon his nomination on the first ballot for Congress in the Fifth District as a vindication and a refutation of the charges made against his official conduct as Solicitor. We wonder what his opponent for the nomination who was so persistent in making the charges—Mr. J. Allen Holt—thinks about it.

We judge from the following paragraph we find in the Durham Herald, that its editor is not much of a Bryan man:

"If we did not mind seeing Mr. Bryan elected we would not be deploring the fact that he is liable to get the nomination."

CURRENT COMMENT.

—A "smoking service" is the latest innovation in church circles. The Hyde Park Reformed church at East Orange, New Jersey, the other night, was the place for this extrordinary spectacle. More than five hundred men, it is said, availed themselves of the opportunity to listen to a sermon between puffs and announcement was made that such services would continue throughout the Summer.—Charlotte Chronicle.

—The wife of Taft and the daughter of Roosevelt will sit side by side in the Chicago convention hall to be in at the final triumph of Roosevelt's Taft, T hat's all right. There is recent precedent on the other side. Mrs. Hall, Judge Parker's daughter, gave diligent attendance upon State convention and national convention in 1904, and one of the campaign jokes for which the newspapers found daily promulgation was the incessant presence at Rosemount of the candidate's son-in-law and the son-in-law's smart boy just four years old.—Raleigh Times.

—It comes to the Observer from a prohibition Democratic friend in an extreme eastern county that there is a considerable movement in his county in favor of a bo't of anti-prohibition Democrats from the party. We hope there will be nothing of this kind, there or elsewhere. No remedy would be found in this for any grievance, real or supposed. The Democratic party as such did nothing more in this matter than submit the prohibition bill to a vote of the people. If they chose to adopt it the quarrel is not with it but with the people themselves. As the two parties are constituted it should call for much greater wrongs than this party has yet perpetrated to drive any considerable number of its membership out, for after all it is only to it that the people can look for good government. —Charlotte Observer.

—During its entire life the Republican party has found little difficulty in the making of a national platform. That was a trouble the Democrats had a monopoly of, when quadrennially Watterson and Randall locked horns in the National Legislature. But that is all changed. The Democratic party is made up of William J. Bryan, and it will dance at any tune he may pipe—tunes that would sound discordant in the ears of Seymour and Thurman, Tilden and Hendricks. The Democratic platform will be made up of the fads Mr. Bryan shall order his convention to put into it. But there is going to be something like strife in the Republican convention. The tariff is giving trouble. Secretary Taft is a revisionist, if not a downright tariff reformer. He will be the next President. Speaker Cannon is a standpatter, and so are Chairman Payne and Mr. Dalzell. These three will overhaul the tariff if the election goes virtuous. There is a good deal of talk of the maximum and the minnimum, which is only an ornate designation of reciprocity, but trouble is that the standpatters will insist that the present tariff be selected as the minnimum and addition al punitive duties the maximum. Randall and Morison were no farther part than are Dalzell and McCall. Of course, if the election should go Democratic, it will receive the Republicans of all embarrassment. Tariff revision would be out of the question with a Democratic House and a Republican Senate. If the Sixty-first Congress should turn up with a Democratic majority, the standpat lion and the revision lamb on the Republican side will be at perfect amity and lie down together in perfect peace. But if the probable comes to pass we expect to see a close vote on the motion of some Republican revisionist of the Sixty-first Congress to strike out the enacting clause of the "revised tariff." —Washington Post.

HISTORICAL ASSOCIATION.

Thomas Nelson Page Will be Among Speakers at State Fair.

(Special Star Telegram.)

Raleigh, N. C., June 11.—Announcement is made by the executive committee of the State Literary and Historical Association that Thomas Nelson Page is to be the principal speaker for the next annual session here on Tuesday of State Fair Week in October. There will be an address also by Col. Robert Bingham, president of the association. A special feature will be appreciations of John Charles McNeill and addresses by Dr. Edwin M. Mimms, Dr. C. Alphonso Smith, R. D. W. Connor and Prof. D. H. Hill. The executive committee proposes to inaugurate renewed effort for a fireproof building for the State library and records. There will be a movement inaugurated for attaining the cooperation of the local literary clubs of the State. Every literary club in the State will be urged to send one or more delegates to the meeting of the Association in Raleigh.

HAS PURCHASED CANDYCAPPS.

Former Proprietor of Pretty Establishment in Charge Again.

Mr. D. L. T. Capps, who established and built up the business so popularly known as Candycapps, on Princess street, yesterday re-purchased the stock from Mr. Andrew Mavronichols, the well known Greek confectioner who has had charge for the past few months, and will run the place in the future. Mr. Capps will lay in a new stock and enlarge the same, giving all his time and attention to the already large and growing trade. Candycapps promises to be more popular than ever under the new and original management.

Rain at Kinston.

Kinston, N. C., June 11.—Rain today broke up what promised to be a very pretty game between Goldsboro and Kinston. Three innings were played without a score by either side. There was a good attendance and great enthusiasm.

For Fans and Fannies.

Wilmington likes King Kelly. He is an all-round sport and keeps things lively along the coach line.

Excellent music was furnished for the opening game yesterday by the Delgado band. This added much to the eclat of the occasion.

Don't forget the baseball benefit at the Academy of Music tonight. The play will be well worth seeing and besides, you're helping the sport along.

Wilmington goes to Goldsboro for the three games the first half of next week and then the Wilson champions come for three games Thursday, Friday and Saturday during the Firemen's tournament. These games should attract a very large crowd.

While nothing official is given out it is known that including Abernathy, who played rightfield yesterday, Wilmington has signed three new players. These are R. McLaughlin, an outfielder, of Lake Charles, La., and Linnebaum, of Buffalo, N. Y. who will report later. A meeting of the management of the Club was held last night and a thorough re-organization was effected. It is understood that Smith, the clever third baseman of the team, will manage the team in the future.

LOCAL DOTS.

—In Justice Bornemann's court yesterday, Jane Bethrie indicted her husband for an assault and later in the day withdrew the warrant and paid the costs of the action.

—Lucile Mayfield and Bessie Moore, white, were tried before Justice Bornemann yesterday on a charge of an affray. The first named was held on two charges and the cases were settled by allowing the defendants to pay the costs.

—Fred Bennett, colored, believed to be insane was arrested yesterday afternoon and placed in jail for safe keeping. The negro has been seemingly unbalanced for some time and members of his family desire to have him examined.

—At the request of Mr. M. J. Heyer he has been relieved of service on the Chamber of Commerce committee to co-operate with the government in the location of the site for the new Custom House and Mr. H. L. Vollers has been appointed in his stead.

—The many friends of Dr. J. E. Kea, a well known citizen of this city, will regret to learn that he is quite sick at his home on Walnut street. He has been in feeble health for some time and his friends extend to him the best wishes for a speedy recovery.

—A civil action instituted in Justice Furlong's court several weeks ago by the United States Candy Company against the Crescent Candy Co., to recover a claim of $50, and continued from time to time is set for a hearing today and in compliance with the request of the defendant will be given a jury trial.

—Mr. and Mrs. L. P. Mintz, No. 1115 North Fifth street, will sympathize with them in the death of their infant daughter, Alma, aged five months, who passed away yesterday morning at the family home. The funeral was conducted at 5 o'clock yesterday afternoon by the Rev. W. E. Hocutt and the interment was in Oakdale cemetery.

—The Revenue Cutter Seminole, which arrived in port yesterday after a cruise down the coast, will convey the members of the Cotton Manufacturers' Association on a short expedition today and will leave port on June 17th for a cruise North, where she has recently been ordered by the government to spend the Summer months. It is probable that she will not be in port at Wilmington again before the latter part of September.

THIEF UNDER BOND.

Fred Hall Caught Stealing Eggs on the Wharf—Other Cases.

Mayor Springer resumed his seat in tribulation hall yesterday, after being absent several days and a few of the evil-doers were brought before him and given their just deserts. Fred Hall was one of the important defendants, and on the charge of stealing eggs from J. W. Brooks, a wholesale grocer on the wharf, was sent over to the higher court under a $50 bond.

C. G. Richardson, on the charge of drunkenness, was called and failing to put in his appearance a bond of $20 which he gave when arrested was forfeited. The Mayor ordered a capias issued for his arrest.

Two colored lads, Lloyd Turner and LeRoy Smith, on petty charges, were allowed to go their way after being severely thrashed by Officer Charles Wood.

Fire at Maxton.

Yesterday afternoon's Fayetteville Observer says: "At 11 o'clock last night fire destroyed a block of four or five small wooden stores in front of the Weatherly store, on the main street of Maxton. The damage is estimated at not more than $3,000. As a result of the fire, the telephone system is temporarily put out of commission. Mr. J. R. Boyd, the district manager, went down to Maxton on the early morning train to look after the trouble."

Their Child Burned.

Friends of Mr. and Mrs. W. H. Hancammon will sympathize with them in a severe accident which befel their little son, eight months old, who was severely burned as a result of turning a cup of hot coffee over yesterday morning. The little sufferer is painfully burned about the arms, but was doing nicely last night

COTTON MANUFACTURERS

(Continued from first page.)

quality of the product owing to the steadiness of the drive. Electric power also commended itself to manufacturers because of the ease of installation, flexibility and adaptability under any and all circumstances in applying to the operation of a part or a whole of the plant. It also made it easy for the manufacturer to ascertain the exact cost of the various products manufactured and resulted in a great saving of machinery, belting, etc. The care and maintenance and other minutia was gone into and Mr. Gouverneur was greeted with enthusiastic applause at the conclusion of his remarks.

Mr. Tolar and Maj. Schenck gave some concrete illustrations of the economy of electricity as a power and its adaptability. Mr. Tolar has already signed contracts for the Buckhorn power for the Tolar-Hart Mills at Fayetteville. Mr. H. M. Chase, of the Wilmington Cotton Mills, also gave illustrations of the adaptability of motors to spinning frames, which he had successfully in operation here in Wilmington. Mr. White and others concluded a most interesting discussion of the subject.

Upon motion of Mr. Dixon, all the old officers were unanimously re-elected as follows:

President—R. M. Miller, Jr., of Charlotte.

First Vice President—W. A. Erwin, of Durham.

Second Vice President—Caesar Cone, of Greensboro.

Third Vice President—E. H. Williamson, Fayetteville.

The secretary and treasurer and standing committees are appointed by the president and will be announced later. Following the election of officers, a very cordial vote of thanks was extended to the president and secretary for their faithful work during the past year. Although a salary was voted at the Greensboro meeting last year, Mr. Miller has steadfastly refused any remuneration whatever for his services and much of his time and means has been given to the work.

In thanking the Association for re-electing him president, he stated that at first it was his idea to surrender the office to someone esle; that he had been discouraged at times and that it seemed well nigh impossible to get the personal interest and co-operation of the members, but under the present conditions he had decided to accept for another term, pledging his best efforts towards the work of the organization. He urged both in his report and in his address that each member appoint himself a committee of one to induce some neighbor mill to come into the Association during the year and, if this is done, another year will find the Association a power for good in the textile industry of the State.

The convention took a recess at 6:30 o'clock and members were reminded of the invitation to go for the trip on the Seminole today. This visit will prove most interesting for all who become guests for this occasion. The regular semi-annual target practice will be in progress and the visitors will have an exceptionally fine opportunity of witnessing the magnificent fortification at its best.

Among the mills represented at the meeting yesterday were: Raeford Power & Mfg. Co., Weldon Cotton Mfg. Co., Cleveland Mill & Power Co., Lumberton Cotton Mills, Neuse River Mills, Atherton Mills, Dresden Cotton Mills, Raleigh Cotton Mills, Caraleigh Cotton Mills, Holt Granite Mfg. Co., Trollinwood Mfg. Co., Saxapahaw Cotton Mills, Holt-Williamson Mfg. Co., Holt Morgan Mills, Lakeville Mfg. Co., Elizabeth Mills, St. Paul's Mills, Cliffside Mills, Tarboro Cotton Factory, Travora Mfg. Co., Gibson Mfg. Co., Trenton Cotton Mills, Wokomis Cotton Mills.

CLOSE ON FRIDAYS.

Clothing Merchants Agree To Give Clerks Half Holiday.

The clothing merchants have fallen in line with other retail merchants in the city and beginning with next Friday will give their clerks half holiday. This will continue during the Summer months and the following statement designating those who signed the petition and its form, was handed the Star yesterday for publication.

"We the undersigned clothing merchants agree to close our stores every Friday evening at 1 o'clock, in order to allow our clerks half holiday during the Summer months, same to commence Friday, June 26th, and stop Friday, September 4th. (Signed)—J. M. Solky & Co., A. Shier, J. P. Taylor, J. W. Fleet & Co., W. J. Penny & Co., R F Hamme, The A. David Co., I. Sarier, Munson & Company, M. H. Curran and E. Poezolt."

The Most Extraordinary Collection of Men's Made-to-Measure Suitings Ever Offered at

$12.00
For COAT & TROUSERS

Values - - - - - $18.00 to $35.00.

This is the first time in my business career that I could offer such unheard-of bargains. But an opportunity presented itself in these uncertain times that I could not resist.

The International Tailoring Co., of New York and Chicago, the largest and best equipped tailoring house in the United States, bought the entire output of two large woolen concerns, embarassed as a result of the late financial troubles, and at such a bed-rock figure as to enable them to cut the prices to the core in their quotations to me. I saw the possibilities of a great underprice offering I could give to the men of this city and surrounding territory, and quickly accepted their proposition.

The minimum value of these suits is $18—most of them are worth $25—a number of them $35—all go in at the astonishingly low price of..... $12

Come at once and make your selection, for there is a picnic in store for those who get in for the first "pick."

GOVERNOR HUGHES WINS

Anti-Race Track Gambling Bills Pass and Are Signed by the Governor —An Exciting Legislative Contest Over Bills.

(By Wire to the Morning Star.)

Albany, N. Y., June 11.—After a struggle the precise like of which no man in or about the Legislature has ever seen, the famous Agnew-Hart anti-race track gambling bills are now laws of the State of New York.

Governor Hughes by his signature affixed to each of the bills at 4:35 o'clock P. M., today, crowned a legislative victory, the brilliancy of which is equalled only by its unexpectedness, is conceded even by those who fought him in the matter to the last ditch.

A few minutes before 2 o'clock P. M. the extraordinary session of the legislature of 1908 adjourned without delay.

The decisive votes, which passed the bills, were cast by Senator Otto G. Foelker, of the Fourth Senatorial District, of Brooklyn, who crawled from a sick bed and made a 66-mile railroad journey to do it, so weak and distressed in mind and body that he seemed on the verge of utter collause, and by a new Senator, William C. Wallace, of Niagara Falls, who was elected in a special campaign, preceding which the Governor himself toured the district, speaking in behalf of his election.

Governor Hughes late today recorded his appreciation of Senator Foelker's action in the following letter:

"My Dear Senator: I desire to express my appreciation of your heroic action in coming to the Senate this morning. Your courageous performance of duty, also grave risk, deserves the highest praise and will long be pointed to as a fine illustration of fidelity and patriotic devotion to the interests of the State. I trust that you will not suffer any ill effects and that you will soon be restored to your full health and vigor.

"With assurance of my high esteem and best wishes, I am, Faithfully yours

"CHARLES E HUGHES."

ARRANGING FOR TOURNAMENT.

Grand Stand on Race Course Completed—Pretty Decorations.

All preliminary details and arrangements are being perfected and are being carried out very industriously for the rapidly approaching Firemen's tournament in Wilmington next week. The city is being prettily decorated, noticeable particularly so far on Front, Princess and Market streets and these decorations made a very attractive and vivid appearance. Besides the decorations, an essential feature of the tournament is the race course and the grandstand which has been placed in readiness and the attraction on Market street, which will be put on for the benefit of the firemen and known as, "Fighting the Flames" will be finished by the end of the week. The city will be thronged with visitors from every section of the State and excursions will be operated from various points. The firemen will begin arriving on Sunday night.

Yesterday morning there was a conference between Capt. James D. McNeil, President of the State Association, of Fayetteville, Chief of the Fire Department Charles Schnibben, and Mr. W. A. French, chairman of the Fire Committee of the Board, for the purpose of talking over the plans. Following this executive session the three gentlemen went out and viewed the racing course, and several suggestions made will be acted upon. The race course is located on South Fifth street, beginning at Castle street and extending northward to the middle of the block between Ann and Nunn streets, a distance of about 250 yards. This is a splendid course for the races and meets with the approval of all those who have seen it.

The officials for the races will be named Monday. Over $1,500 will be given in prize money and there will be several more entries this year, than at the tournament last year in this city.

State Veterinary Association.

The State Veterinary Medical Association will hold its annual session this year at Raleigh July 2nd and 3rd and the examining board will meet a day earlier at 10 A. M., for the purpose of examining applicants to practice in the State. The board is composed of Dr. Tait Butler, Raleigh; Dr. T. B. Carroll, Wilmington; Dr. Adam Fisher, Charlotte; Dr. W. Ashcraft, Monroe, and Dr. G. A. Roberts, West Raleigh

THE VIRGINIA DEMOCRACY.

The State Convention—Delegates to the National Convention.

(By Wire to the Morning Star.)

Roanoke, Va., June 11.—The State Democratic Convention met here today for the purpose of electing delegates to the Denver convention, declaring a platform of principles, electing a new chairman of the State Central Committee and naming a member of the National Committee. Richard E. Byrd, of Winchester, Speaker of the House of Delegates, was made temporary chairman and after his speech the convention took a recess for two hours. On reassembling in the afternoon the convention was addressed by Governor Swanson, United States Senators John W. Daniel and Thomas S. Martin, and Congressman Flood. Every mention of the name of William Jennings Bryan by the speakers was wildly cheered by the delegates. The permanent organization was affected at the night session when Congressman E. W. Saunders, of the Fifth District was chosen cnairman. After Mr. Saunders completed his speech, the convention re-elected J. Taylor Ellyson, State chairman. Mr. Ellyson was also chosen as Virginia's member of the National Committee.

Delegates at large to the National Convention were then chosen as follows: United States Senators Daniel and Martin, Governor C. A. Swanson and former Governor J. Hoge Tyler.

Representative A. A. Wiley, of Alabama, a member of the past four Congresses, is critically ill at his hotel apartments in Hot Springs, Va., Mr. Wiley who is about 50 years, has been sick in Washington City for eleven weeks with rheumatism and was brought to Hot Springs eight days ago.

Secretary Taft will be Secretary Metcalf's guest in witnessing the Florida tests in Hampton Roads on Saturday when a torpedo will be fired at the hull of the vessel. The two secretaries will leave Washington today aboard the President's yacht, the Mayflower, and will return to Washington as soon as the firing is completed.

Raymond Hitchcock, the comedian, who early yesterday was acquitted on one of four indictments growing out of charges made against him by several young girls, was released from the Tombs prison on bail, a bond for $7,500 was approved by Justice Goff in the Supreme court

One woman was instantly killed and another died soon afterward as the result of being caught between a safety fense and a fast moving express train at Lockport, Pa., yesterday. In crossing the tracks the women were hurled against the fence and fell under the wheels, the whole train passing over them.

Complete lack of evidence that a $50,000 corruption fund had been raised to defeat the anti-racing bill before the Louisiana assembly was the report made by both the grand jury and the legislative committee investigating this charge. The grand jury censured newspapers for printing rumors about the alleged fund.

THE VETERANS' PARADE.

A Remarkable Scene Closing the Confederate Reunion in Birmingham

(By Wire to the Morning Star.)

Birmingham, June 11.—The parade of the heroes of the Confederacy this morning was a fitting climax to what is generally pronounced to be one of the most successful reunions of the United Confederate veterans. With sprighty step, measured to the airs the South loves the old warriors not less than ten thousand strong, traversed the two miles of the parade route between thousands of sympathetic and interested spectators, and there was not an accident, not a sign of a tottering step.

Loving hands served ice water to the old men as they passed along the route, fans were distributed and everything possible was done to relieve the long tramp of its tedium.

That the heroes were in excellent spirits was shown by the fact that many of them sang old camp songs as they marched, such as "Butter Milk Calvalry," Old Time Confederates," "Bonnie Blue Flag."

They were happy and they left a trail of tears among the spectators for every one was touched by the sentimental appeal made by the appearance of the old soldiers. There were many in the parade who left a leg or perhaps both legs on some bloody battlefield: but they enjoyed the occasion as much as others, being carried in vehicles.

The parade formed shortly after 11 o'clock and required one hour and 45 minutes to pass a given point.

In the vanguard were eight companies of the local national guard, including one battery of artillery and one troop of calvalry. Chatanooga had one troop of calvalry in line. Governor B. B. Comer, of Alabama, with his entire staff was next in line. General George P. Harrison, commander of the Alabama division, was chief marshal and Colonel E. J. McCrossin, of Birmingham was chief aide.

A notable feature of the parade was the fact that a number of sponsors preferred to walk with the companies they represented rather than ride in the carriages which had been provided. Miss Mary Hall, clad in gray, accompanied the Georgia division on foot. Mrs. Kelly, of New Orleans, 79 year of age, went through the march on foot as did Miss Edna Raub, of Memphis.

TO INVESTIGATE THE TARIFF.

Meeting of the Senate Committee on Finance on This Subject.

(By Wire to the Morning Star.)

New York, June 11.—A meeting of the Senate Committee on Finance with Senator Nelson W. Aldrich, presiding as chairman, was held in the Hotel Plaza today to consider what action should be taken under the Senate resolution of May 16, authorizing an investigation of the customs law and general tariff revision, if desirable. The committee was especially directed to report what further legislation is necessary to secure equitable treatment for the agricultural and other products of the United States in foreign countries and upon what articles a change of duty is desirable.

Senator Aldrich said there was a general discussion of the subject, and suggestions as to the best mode of procedure, and it was finally decided to appoint the following sub-committees to handle the various divisions of the investigations:

First, a committee to consider what further legislation is necessary to secure equitable treatment for the agricultural and other products of the United States in foreign countries, composed of the following members: Senator Aldrich, chairman; and Senators Allison, Hale, Daniel and Teller.

Second—A committee to consider what legislation is necessary to secure more efficient administration of the customs laws including the question of classification, composed of the following: Senators Burrows, chairman, and Senators Hansbrough, Platt, Hopkins, Bailey, Money, Taliaferro.

Third—A committee to consider what changes in the customs rates are desirable and to secure prices of the relative cost of products in this and the competing foreign countries and the various articles affected by changes, composed of Senator Hopkins, chairman, and Senators Burrows, Penrose Money and Taliaferro.

THE ABDUCTION CASE.

Alleged Stealing of the Man Burn's Wife Still a Mystery.

(By Wire to the Morning Star.)

Spartanburg, S. C., June 11.—No trace has been found of Mrs. W. F. Burns whom her husband alleges was taken from him while they were on a bridal trip across the Panther Mountains. Burns has gone to "Travelers Rest" to swear out warrants before the local magristrate against two members of the gang of six men charged with robbing and beating him. Mrs. Burns is a very handsome woman, aged 20 years and before her marriage was Miss Martha Boston, of Franklin county, N. C. Burns is a widower, fifty years old. He claims a photograph of his dead wife and all of his money were taken from him. The authorities are puzzled over the case.

Why is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The first and Original Tasteless Chill Tonic. The Standard for 30 years. 50c.

SPIRITS TURPENTINE

—News and Observer.—Dr. J. W. Lynch, pastor of the Baptist church at Wake Forest, has declined the call of the pastorate of the Athens, Ga., church.

—Raleigh Times—Supterintendent J. R. Poole reports two more election tax districts in his county, Robeson. That county now has 34 local tax districts and is one of the leading local tax counties in the State.

—Laurinburg Exchange.—Cotton is beginning to bloom in Scotland. Saturday Mr. Peter McIntosh, Jr., brought to the office cotton blossoms which were pulled from his father's farm—the first we have seen.

—Clarkton Express—Mr. Snowden Singletary, Jr., who recently graduated at the University, has been elected superintendent of the graded school here, which opens about the first of September.

—New Bern Journal.—The receipts of chicken in this marekt have been greater the last two or three days than in a longe time before. A schooner from Pamlico brought in a cargo of chickens, ducks and eggs, yesterday The prices continue high, however.

—Charlotte News.—The Carolina Cotton Mills will start up Monday for the purpose of running out the stock on hand. This will require some two or three months' work. After this the mill property will be sold, including the entire block between Fifth and Sixth streets on North Graham.

—Columbia, N. C., June 10.—Dan Moss, a young white man held in jail here, charged with an unnatural crime committed suicide this afternoon by hanging himself with a blanket in his cage in jail. He was given a preliminary hearing yesterday and committed to jail without bail for the Superior court.

—Salisbury, N. C., June 10.—Miss Kate Knoblock, who for a number of years had lived in Salisbury, was drowned in a pond near Florence, S. C. While out boating with a young gentleman friend the boat capsized and help could not be secured in time to save her life. The gentleman also had a narrow escape.

—New Bern Journal—The destruction of trees goes on apace. The sentiment "woodman spare that tree" is no longer fashionable. The destruction seems to have become a craze, and but few people care to plant any. Well, fashions change and people change with them, and perhaps the next generation will have less contempt for trees.

—Rocky Mount Record.—The town commissioners, of Rocky Mount, at an adjourned meeting held Tuesday night, decided to assess the property owners one fourth the cost of paving the streets, the town to defray three-fourths the expense. Thereby the owner of property will pay one-eighth of the cost of paving the street adjoining his property. The streets to be paved include parts of Main, Tarboro, Hill, Washington and Merrigold.

—Whether there is an omen and an angury in it or not, let others say. The fact remains that the fierce and unmannerly wind which swept across Charlotte and up and down the streets yesterday afternoon removed from its stately and dignified office the banner which, bearing the statesmanlike face and name of Mr. Ashley Horne, has been suspended across South Tryon in front of the Buford for several weeks.

—Durham, N. C., June 10.—The graduating exercises were held at Trinity College today and the literary address was delivered by Mr. Walter Page, of New York, editor of World's Work. This address was one of the able addresses of the commencement occasion and a very large number of people were out to hear him, the announcement that this address was to be made being one of the big drawing cards of the week.

—Charlotte Observer—Mr. J. A. Bell, chairman of the county Democratic executive committee, received a message yesterday from Mrs. W. C. Newland, of Lenoir, asking that his name be included on the ticket to be voted for Tuesday as one of the candidates for the office of Attorney General. Mr. Newland's entry into the race at this time adds zest to the contest and the outcome will be watched with interest. Mr. Newland is one of the best-known politicians in this section of the State and has hosts of friends all over North Carolina.

—Wilson, N. C., June 10.—News reached this city that a bold and daring robbery took place in Rocky Mount when burglars entered the residence of Dr. George L. Wimberly. The desperadoes affected entrance through the bath room. The doctor's clothing was taken from a chair beside the bed in which he was sleeping, and carried to an adjoining room, where the pockets were rifled and the contents scattered over the floor. A gold watch, money and several checks were taken off as booty of the raid. This is the second time the house of Dr. Wimberly has been burglarized. The police are in the dark as to the perpetrators.

—Fayetteville, N. C., June 10.—The Board of Aldermen at its regular meeting for June determined to extend the paving of the sidewalks on upper Hay street as far as the Atlantic Coast Line passenger depot, at Winslow street; and to compel the property owners on Hay street to widen their sidewalks three feet, and the Carolina Telephone Company to move their poles the same distance toward the centre of the street. The board in addition to passing an ordinance providing for the issue of $100,000 in bonds for paving the streets, and appointing a committee for receiving contractors' bids for the paving, received the report of the board of audit and finance, and refused to sustain the veto placed by that body on the aldermen's action in relieving all corporations of three years' back taxes.

BUG DEATH

One of the great growers of seed potatoes in Maine who has made a life study of Irish potatoes, has demonstrated beyond question that it is impossible to apply Paris Green to potato vines in any quantity without weakening the vitality of the tuber. Bug Death will not injure the plant but will stimulate its growth. It will not wash off, it is perfectly harmless to animals and people, and has a wonderful power to prevent blight, rust and those diseases so generally prevalent among melons and vegetables.

BANK NOTES

The fact that this institution, starting at zero less than three years ago, has, in proportion to capital and surplus, built up a larger business than ever before shown by a National Bank in the South, argues what?

?

That its conservative policy and modern banking methods, combined with progressive public spirit and fair dealing with small as well as large accounts, is appreciated.

?

Perhaps you may have in mind opening an account or concentrating your business through a National Bank of strong resources and careful management.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 11.—The cotton market was very quiet today with fluctuations narrow and irregular. The close was quiet and steady; net 5 points higher to 2 points lower. Sales were estimated at only 100,000 bales.

The market opened steady at an advance of 1 to 7 points which was hardly as good as due on the cables. Yesterday's covering movement seemed to have exhausted the demand for shorts and the better weather map restricted fresh buying for long account, notwithstanding talk of further overflows in the Southwest and bullish spot advices, prices soon dropped off to about the closing figures of last night and during the later session the market showed very little feature. At the close September was 5 points higher, but other months were within a point or two either way of last night's finals. Liverpool will be closed tomorrow and Saturday. Private cables received today reported covering by near month shorts and a better trade demand, but the English spot sales were light. Picking is said to be in progress in the southwestern part of Texas, and advices from the eastern belt report a very favorable crop outlook. Wall street people were moderate sellers at times during the day here, but trading at no time was aggressive. Southern spot markets officially reported were unchanged to 1-8c higher.

Receipts at the ports today 7,838 bales against 6,445 last week and 5,961 last year. For the week 65,000 bales against 66,013 last week and 34,083 last year. Today's receipts at New Orleans 3,452 bales against 167 last year and at Houston 2,330 bales against 160 last year.

Spot closed quiet; middling uplands 11.40; middling gulf 11.65; sales 340 bales. Futures opened steady and closed quiet and steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, June 11.—There is a steady flow of duplicate orders for worsted and woolen men's wear and the loomage engaged in the mills is increasing. Cotton goods remain steady today but generally quiet save on the staple which are still being ordered where the low prices still prevail. Export trade in printed fabrics is about all that is passing in that quarter of the market the far eastern trade still amounting to nothing.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star)

New York, June 11.—The stock market subsided another degree towards the stagnation today. The slugish currents of the force movement were scarcely distinguishable and the low record of total sales of a day in over a year past was touched. Such narrow price movement as there was did not hold and the constant fluctuation within the narrow range of the movement proved the uncertainty of the speculative temper.

The closing of the subscription list for the new Union Pacific bonds here and in London in advance of the date set on the ground that the amount was already more than covered, amounted to an announcement of the success of the subscription.

Some reports of crop damage were in circulation on the stock exchange in spite of the early decline in prices of wheat. Floods were said to have caused considerable damage to railroad property, also in the southwest. Measures for the collection of State taxes against corporations gave rise to some misgivings especially as the tax on stock transfers is included in the activities of the authorities. A sharp rise in foreign exchange rates was an incident of the day in response to a hardening in the private rate of discount in London, which in turn was influenced by withdrawals of gold from London for Russian account. Prices of stocks ended the day near where they left off yesterday.

Bonds were heavy. Total sales par value $1,798,000. U. S. 2s advanced 1-4per cent. on call. Total sales today were 150,700 shares.

Are Your Little Ones Strong and Healthy?

There is no mother in the land but wishes her little ones to be strong and robust. If they are not, the main cause of their trouble is usually the inability of their little stomachs to care for the food they eat.

The delight of children is pastry, cookies, cakes and all manner of dainties which contain more or less grease. If this class of food is fried or shortened with lard, it is bound to be more or less greasy, soggy, indigestible, and wholly unfit for assimilation by the stomach of a grown up person, let alone that of a child.

COTTOLENE keeps the children's stomachs in a normal, healthy condition. It is a pure, vegetable product, which makes light, digestible, healthful food. When used to fry or shorten pastries, cakes, and all such edibles, the children can eat their fill and not suffer from the bad after-effects resulting from such products as lard.

If you value the health of your children, shorten their food with COTTOLENE.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also, to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

MORE TAFT MEN GIVEN SEATS

In Convention by The Republican National Campaign Committee.

VERY EXCITING SESSION

Charges of Opposing Delegations Being Armed With Hatchets—Violent Assault by a Negro Delegate—50 Seated.

(By Wire to the Morning Star)

Chicago, June 11.—The Republican National Committee today reached Texas in the alphabetical list of States in deciding contests for States on the temporary roll call of the National Convention which meets on June 16. The work today settled cases involving two delegations at large and 21 district delegations, a total of 50 delegates. Of these, Taft is almost certain of 49, and may have 50. The uncertain delegate hails from the Eighth District of Tennessee, and it is not know how he will vote. He belonged, however, to the Oliver faction in that State, the majority of whom were instructed for Taft.

The work of the committee today excited less interest than that of any previous session. Visitors, who were numerous on former occasions, were for the most part absent today.

South Carolina contests were the first called, they being from the First and Fifth Districts. Both of these were given to Taft after short hearings.

The hearing of the contests from Tennessee occupied the greater part of the day, each side being allowed two hours for presentation of evidence and arguments. The fight here grew out of a factional struggle over local issues in Tennessee, all of the Hale element being instructed for Taft and the majority of their opponents, who were dubbed the Oliver delegates, being also for the Secretary of War. The result was that the Taft men were seated in all but the Eighth district, where the delegation was divided at the earnest request of National Committeeman Brownlow, who asked that it be done in order to give the Republicans of that District a chance of defeating the present Democratic Congressman. The splitting of the delegation, however, is not likely to make any difference to Taft, in as much as none of the Oliver delegates were instructed for anybody else and the greater number of them had been directed to vote for him.

The hearing of these cases produced the only picturesque scenes of the day. Jesse M. Littleton, counsel for the Oliver delegates, asserted that the Hale men came into the hall armed, and displayed huge hatchets with which he said the lives of the Oliver men had been threatened.

Newell Sanders, chairman of the State Central Committee, supplied a counter irritant to the Littleton hatchet exhibition by telling, in his argument, of the desperate fight which the Hale men were compelled to make before they were allowed in the hall, and of how a big negro was about to chop him with an Oliver hatchet before some of the Hale men put the negro suddenly into a State of coma. His account of the struggle in the convention hall was received by the committee with much interest.

The hearing of the Texas cases came next and in these the contests over the seats of the delegates at large, and from the Third, Fourth, Sixth, Seventh, Ninth, Thirteenth, Fourteenth Fifteenth and Sixteenth districts were consolidated and after a brief hearing the delegates from the faction headed by Cecil A. Lyon, the present National Committeeman from that State, were seated. The "re-organized Republicans who contested in every one of these districts, did not receive a single delegate. After this decision, the committee adjourned until tomorrow.

It is understood that the contests in the Second and Twelfth districts will be withdrawn and that the arguments only will concern the First, Fifth, Eighth, Tenth and Eleventh districts.

The delegates seated today from Texas are not instructed but Committeeman Lyon who directs affairs generally, asserted that there is no doubt that their votes will be cast for Taft.

In order to finish its work by tomorrow night, the committee decided to consolidate the remaining contests from Texas and also those from Virginia.

DEATH IN A TRUNK.

Two Children Lock Themselves in One and Are Suffocated.

(By Wire to the Morning Star.)

Fall River, Mass., June 11.—After a long search tonight the bodies of Joseph and Andre Beaudry, 8 and 5 years old respectively, were found locked in a trunk in which the children are supposed to have hidden themselves in order to escape going to school this morning. The trunk has a spring lock. The medical examiner decided that their deaths were due to suffocation. The interior of the trunk and the clothing and bodies of the children gave evidence of the struggles which the little ones had made to escape before death finally overtook them.

At Reno, Nev., Harry McCausland, late last night shot "Nan" Harrison through the breast, killing her instantly and then sending a bullet through his own head, also died. The tragedy occurred in a local entertainment resort where Miss Harrison sang. McCausland came from Los Angeles and had been traveling for Armour & Co.

D. B. HILL ON BRYANISM

On the Eve of His Departure For Europe He Expresses Himself Very Forcibly—Bryan Forcing Himself on Party.

(By Wire to the Morning Star.)

New York, June 11.—David B. Hill former United States Senator and for a long time leader of the Democratic party in this State, sailed for Europe today on the steamer Baltic.

Discussing his retirement from active politics, Mr. Hill said:

"There is no Democratic party. When I met the late Governor Altgeld in a little room up a back stairs in a Chicago hotel shortly before the first so-called Bryan convention I told him that the policies which he represented would drive the Democratic party to hell. Then when he begged for another try four years later, I said: 'You are most there, stop before you have absolutely ruined the party.' But Bryan was nominated, as I saw the futility of a minority report with only 10 votes to back me.

"I admit that the Republican party is badly disorganized at the present time. Both parties are disorganized. There was an opportunity, but I fear that it has been overlooked.

"The key of this political campaign should be 'Taft, the candidate of political patronage.' What else is he? He is put before the people as a candidate by the 'power of political patronage.' Nothing else.

"Now both sides in the coming political struggle will have to go to the masses for their vote. They must draw from the masses, and what better man could stand against the candidates representing the 'power of patronage' than John Johnson, who spent his boyhood days in a county poorhouse. Think of it! Torchlight processions with banners reading 'John Johnson, the poorhouse candidate' And from what I have been able to learn, Mr. Johnson is more than a mere near-to-the-people candidate; he is a well balanced man and an able man.

"Every time Bryan says 'I kept the faith' it makes me smile. He has kept the faith indeed. He kept it out in Nebraska, his own State, which is now Republican to its political core.

"The Democratic party never wanted Mr. Bryan. Mr. Bryan wanted the Democratic party. He forced himself on the party in 896 and again on what was left of the party in 1900 and now in 1908, he calls himself the Democratic party, and says 'I have kept the faith."

After visiting the British Parliament and the English courts, former Senator Hill will visit the Reichstag and possibly other foreign parliaments.

PROHIBITION IN POLITICS.

Prohibitionists Expecting to Make Capital Out of Bryan's Position.

(By Wire to the Morning Star.)

Milwaukee, Wis., June 11.—Predicting great gains in the South, with possible victory in all Southern Prohibition States, State Chairman Alonzo Wilson, of Illinois, told the Wisconsin State Prohibition Convention here today that the foundation of his expectation was the alleged opposition of W. J. Bryan to prohibition.

"In 1890," said Mr. Wilson, "Mr. Bryan stumped Nebraska against a Prohibition amendment to the Nebraska Constitution. I have also in my possession a copy of a letter from Mr. Bryan to Southern men who desire a plank for prohibition in the Democratic National platform. In this letter Mr. Bryan declares if his wishes are followed there will be no such plank in the platform. As Mr. Bryan is in control of the Democratic party, his platform desires will undoubtly control in the Democratic National Convention and, therefore, no prohibition can be expected from that convention."

Mr. Wilson said this was the expectation of the Southern delegates who had been looking into the subject. He said he was to leave for the South to confer with leading prohibition Democrats about their support for the Prohibition party if no Prohibition plank is inserted in the Denver platform.

WRECKED CREW RESCUED.

Picked Up at Sea by Steamer and Taken to Savannah.

(By Wire to the Morning Star)

Savannah, Ga., June 11.—The steamship Merrimac, Captain Pratt, which arrived here today, brought in the survivors of the crew of the British steamship Carribee, Captain Ellis, which was lost in the gulf stream three days ago. Walter Howe, one of the crew was lost after the steamer was abandoned. The schooner Theoline, from Brunswick to New York, rescued the crew from the boats launched from the foundered steamer and turned the men over to the Merrimac.

After the men took to the boats, that in which Howe was sitting capsized. He endeavored to save a pair of oars and swam for some distance after them. He was a good swimmer and seemed in no danger, but suddenly went down without a cry, possibly the victim of sharks. The crews in the boats sighted the schooner Monday afternoon, but being astern of her were not seen. The men rowed after the schooner until dark and then sent up rockets which were seen and they were rescued. They were put aboard the Merrimac yesterday morning. When the steamship sprang a leak the pumps were put to work, but the water gained such headway that the firemen abandoned their posts. The officers and crew are to be sent back by railroad to New York where they shipped. The Carribee was syrup laden.

ENFORCING RULE ON THE ISTHMUS

Our Government Is Assuming Authority in The Conduct of Elections.

NOTICE TO PANAMANIANS

From Our President and Secretary of War That There Must Be no Fraud or Force at Appriaching Elections.

(By Wire to the Morning Star)

Washington, June 11.—In language that cannot be mistaken the text of which was made public by the War Department today, the President and Secretary Taft have notified the Panama Government that elections in that Republic must be conducted fairly. The circumstances attending this warning were given out for publication as if preparation were made for active intervention on the part of the United States by the use of whatever force shall be necessary to make it effective.

Secretary Taft in a letter delivered to President Amador in person and dated May 12, suggests that two years ago, when charges of fraud were made concerning the congressional election at Panama, it was not thought best to do more than to urge fairness in the administration of elections, though there was much evidence of violence and of repeating. It was hoped that the irregularities were due merely to the fact that the election laws were new, the Republic young and that in a more important election like the pending presidential election greater care would be taken to preserve the rights of the citizens.

The interests of the United States in the fairness of the elections of the republic is manifest. The United States guarantees the integrity of the Republic, and this involves a recognition by it of the lawful Government. If fraud is to intervene in the election so that a dispute arises as to who are the lawfully elected authorities then it becomes necessary for the United States, in the discharge of its treaty and constitutional duty, to determine who are the lawfully elected officers, in order that it may recognize them and deal with them as such. More than this, every fraudulent election involves force and violence in its election itself, which necessarily endangers the peace of the canal zone, and is exceedingly likely to arouse in the party defeated by fraud or violence a disposition to resist the fraudulently elected and to institute a rebellion.

Mr. Taft included in his letter a dispatch he received from President Roosevelt as follows:

"You are authorized to say to President Amador that the Government of the United States will consider any attempt to bar the election of a successor by fraudulent method or methods which deny to a large part of the people opportunity to vote, constitutes a disturbance of public order which under Panama's constitution requires intervention, and this Government will not permit Panama to pass into the hands of any one so elected. The failure which you describe, to comply with the laws, assuring the people of Panama the opportunity to have their names entered in the registry of voters appears in advance to be sufficient to invalidate the election, and if the facts are as they have been represented to you, wrong already done must be redressed and fair registry lists made up. In case we find occasion for intervention it will be necessary for this Government to consider what steps it will take for redress of the wrong done, and to prevent repetition in future."

The first answer to this communication received by Mr. Taft from President Amador was a denial of any fraud in the election and a refusal to take any of the steps suggested. Subsequently an agreement was reached by which Panama agreed to create a commission of electoral inquiry to investigate the complaints of all parties and under which the United States was to join in the inquiry through any persons appointed by it, with the right to examine and cross examine all witnesses, and to inspect and copy all inscriptions on the registration lists and to attend all sessions of the regristration and election juries.

On the 18th of May the commissioners were appointed and went to the various places of registration in the districts. The Panamanians consented that regristration should proceed for 10 days from the 15th to the 25th of May. Subsequently, three Governors, known to be in favor of Obaldia, the opponent of Secretary Arias, were removed from office by the President because, he informed Governor Blackbur, he did not propose to have any body in office opposed to the Government. The other four Governors are Arias' men. In the meantime the government has decreased the electorial votes of Colon, which is understood to be an Obaldia district and has increased by five the electoral vote of Lossantos, understood to be a province likely to vote in favor of Arias.

No opinion was expressed at the War Department whether these circumstances were leading to fraud requiring intervention. It was said that the Government could do nothing but await the event, and then sum up the evidence and reach a conclusion.

Death Was On His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for cough and lung disease in all the world." Sold under guarantee at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.
